## **V. ACADEMIC OFFERS**

### **COMPLETE STUDIES IN CASE OF PROGRAM OR INSTITUTE CLOSURE WARRANTY**

Ponce Paramedical College guarantees the maintenance and continuous academic offer according to the curricular sequence or academic offer so that the student can complete the program of study in the established time.

If the Institution decides to terminate an academic offer, every student enrolled in that moment can complete the offer through modules until the student completes the program of study.

The security of warranty is maintained as a voucher so students can complete their academic program in case of institutional closure. The Institute can make agreements with other institutions to transfer students through a contract to guarantee a quality education for the students.

### **VALIDATION OF CREDITS POLICY OF NON-DEGREE PROGRAMS TO ASSOCIATE DEGREE**

Ponce Paramedical College non-degree students

Students registered in a non-degree program at Ponce Paramedical College during the time that the Institution receives the approval to grant a degree for stated program, may apply a credit transfer for the new degree program if it complies with the following requirements:

- Complies with all of the admission's requirements established for the degree program.
- Courses to be transferred are equivalent in content and credit numbers with the courses of degree program.
- The student must complete a minimum of 15 hour credit or its equivalent in the new degree program.
- The courses must have been approved with a "C" grade or more.
